

ATV Safari Trip

Chiang Mai

Your 3 hour ATV trip starts out with detailed instructions and a training course to get you comfortable with your vehicle. Afterwards you hit the trails!

It is a mix of road and off-road jungle terrain. It's well-suited for those that would like to explore the local countryside and see it a different way. There are different tracks chosen based on weather conditions, road conditions and driver abilities.

Throughout your ride, you will be experiencing the insights of the rich cultural, historical and environmental heritage of the area as you ride the bumps, feel the breeze and take in the sights and smells of wild nature.
