

Bamboo walks & boat rides

Inle Lake

Leisurely boat ride heading south to trekking point at beautiful bamboo forest.

Scenery between Inle and Samkar Lakes

and visit Taung To pagodas

Explore the enchanting scenery between Inle Lake and Samkar Lake by boat and on foot on a full day excursion. Your guide will pick you up at your hotel in Inle Lake and take you for a leisurely boat ride passing fishermen, floating gardens, and some of the traditional Intha villages built on stilts on the lake while heading further south to the starting point of today's trek; a beautiful bamboo forest. Walking through the forest, with sometimes a glimpse of the canal connecting Inle Lake to the Samkar Lake, often has a mysterious feeling. We pass the famous Taung To pagodas where we recover our breath. After about 2.5 hours walk, we get back on board for a ride through a creek to the picnic lunch spot among
