

Explore Sukhumvit Landmarks on Foot

Bangkok

Explore Sukhumvit, the main commercial heart on foot and by subway to uncover a different side to this neighborhood.

Meet your knowledgeable local guide who will whisk you to Lumpini Park, Bangkok's oldest green area. Join the locals in a bit of Tai Chi, or Sepak Takraw, a blend of volleyball and kickboxing. Continue along the new walkway to Benjakitti Park with its swathe of green around Lake Ratchadaake. Head to Kamthieng House, a 160 year old teak house that gives the impression of being in Northern Thailand. Finally step inside Terminal 21 - designed like an airport and inspired by different locations - Tokyo City, Carnaby Street or a Turkish souq.
