

## Tropical Island Cocktail/Mocktail Workshop

### Phuket

Get ready for checking out a local distillery and trying your skills at some cocktail mixing!

Rum, the delicious and versatile spirit, has made a foothold on the island of Phuket a couple of years ago. Using traditional methods from the Caribbean and prime sugar cane from Thailand the results have a singularly delicious and aromatic spirit.

Together with an expert mixologist you follow an interactive cocktail training session - rum, gin, or mocktail - and afterwards sip the results. Part of the detailed distillery visit is a tasting session as well!
