

## Markets, Monasteries and Hidden Cave Temples

### Bagan

It's a nice combination of dry zone with observing the village life, family run workshops and visiting cave temple with a unique antique style.

This is an ideal excursion, if you have seen most of the major sites, and want to venture a little further afield this time to learn more about the region. Your guide will meet you at your hotel and you'll travel by private car to the rarely visited Kyauk Gu Ohnmin cave temple, a unique ancient stone and brick structure built against the precipitous side of a deep ravine, with two doorways that lead into dark caverns. We then continue to Pakokku town and visit a local slipper factory, the market, and see where the famous Pakokku cotton blankets are made. A private boat is waiting for you at the jetty in Pakokku for a leisurely boat trip downriver, while lunch is served on-board. In the afternoon you will observe village
