

Munduk Waterfalls & Canoeing Lake Tamblingan

Munduk - Bali

Away from civilization we go deep into North Bali's plantations, jungle and across mountain lakes.

Walking through the orange and flower plantations before descending to a plateau filled with millions of old clove and coffee trees. When you finally arrive at one of Bali's most magnificent waterfalls, a cold breeze from the spring waterfall welcomes you. From the finish point you will be driven to Tamblingan Lake where you will have a session paddling adventure on canoes across the misty Tamblingan Lake.
