Samlor at Night

Chiang Mai

Explore a different side of Chiang Mai at night, by samlor. Journey down small sois, explore night markets, sample snacks, and witness temples beautifully illuminated.

Meet your samlor (bicycle taxi) and driver for a journey in and around the old town just before the sunsets. Learn about the history of the samlor, a throwback to a bygone era when hundreds plied the streets. Weave in and out of the narrow sois (alleys) and observe life whiz past.

Besides supporting the drivers before they disappear forever, explore a number of illuminated temples without the crowds, stroll through night markets, and sample local street snacks along the way. Stop off at the flower market along the Ping River.
