

Vientiane by Tuk Tuk

Vientiane

There is no better way to experience the bustling city of Vientiane, Laos's capital than by tuk tuk. Visit and see the very best the city has to offer.

Experience Vientiane's past and present as you zip around town in a tuk tuk, a unique local form of public transport. Visit Wat Sisaket which survived the Siamese invasion of 1928 completely intact. Just across the street sits Wat Ho Pha Kheo which was reconstructed on the site of the original building. Some of the more modern sites that you will visit include Patouxai, the Lao victory monument and Wat Si Muang which is a bright and colourful example of Buddhism today, this modern day temple is where local people visit to make wishes. The COPE visitor centre is somber but moving experience where you will get an insight into the secret war.
